GRAPHOTISM STYLE

Graphotism publishes ALL articles and photographs purely as a historical & cultural record for future studies. We do not encourage or support any illegal activities whatsoever. The views expressed in this publication are not always those of the publishers but we believe in giving a voice to those that hold different or opposing views to our own. We would also like to note that many photographs that are published are sent to us anonymously with no way of tracing the photographer. Keep it tight. Peace.
